Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following report:

Report title: Reporting, Recordkeeping, and Disclosure Requirements Associated with the Guidance on Response Programs for Unauthorized Access to Customer Information.

Agency form number: FR 4100.

OMB control number: 7100-0309.

Frequency: On occasion.

Respondents: State member banks, bank holding companies, affiliates and certain non-bank subsidiaries of bank holding companies, uninsured state agencies and branches of foreign banks, commercial lending companies owned or controlled by foreign banks, and Edge and agreement corporations.

Estimated number of respondents: Develop response program: 1; Incident notification: 412.

Estimated average hours per response: Develop response program: 24; Incident notification: 36.

Estimated annual burden hours: Develop response program: 24; Incident notification: 14,832.

General Description of Report: The ID-Theft Guidance is the information collection associated with the *Interagency Guidance on Response Programs for Unauthorized Access to Customer Information and Customer Notice* (security guidelines), which was published in the *Federal Register* in March 2005.¹ Trends in customer information theft and the accompanying misuse of that information led to the issuance of these security guidelines applicable to financial institutions. The security guidelines are designed to facilitate timely and relevant notification to affected customers and the appropriate regulatory authority of the financial institutions. The security guidelines provide specific direction regarding the development of response programs and customer notifications.

¹ See 70 FR 15736

Legal authorization and confidentiality: The Board has determined that the reporting, recordkeeping, and disclosure requirements associated with the FR 4100 are authorized by the Gramm-Leach-Bliley Act and are mandatory (15 U.S.C. section 6801(b)). Since the FR 4100 provides that a financial institution regulated by the Board should notify its designated Reserve Bank upon becoming aware of an incident of unauthorized access to sensitive customer information, issues of confidentiality may arise if the Board were to obtain a copy of a customer notice during the course of an examination, a copy of a SAR, or other sensitive customer information. In such cases, the information would likely be exempt from disclosure to the public under the Freedom of Information Act (5 U.S.C 552(b)(3), (4), (6), and (8)). Also, a federal employee is prohibited by law from disclosing a SAR or the existence of a SAR (31 U.S.C. 5318(g)).
